Investment Objective

The investment objective of the High Yield Fund is to provide investors with consistent positive absolute returns while maintaining low correlations with recognized fixed income and equity index returns.

Investment Strategy

The Fund invests primarily in a broad range of public and private debt securities, both investment and non-investment grade, including corporate bonds and bank loans, government debt and convertible debentures. The Fund may also invest in equity securities, such as common shares, preferred shares and warrants, and utilize other financial instruments, including exchange-traded funds and credit and/or index based derivatives. The fund is designed to preserve capital and provide equity like returns with debt like volatility.

Why Invest

- Experienced Portfolio management team, led by Barry Allan, with over 90 years combined experience.
- Risk adjusted returns generated by active portfolio management.
- Highly liquid and diversified portfolio.
- Ability to hedge, including interest rate risk using actively traded credit indices.
