Investment Objective

The investment objective of the High Yield Fund is to provide investors with consistent positive absolute returns while maintaining low correlations with recognized fixed income and equity index returns.

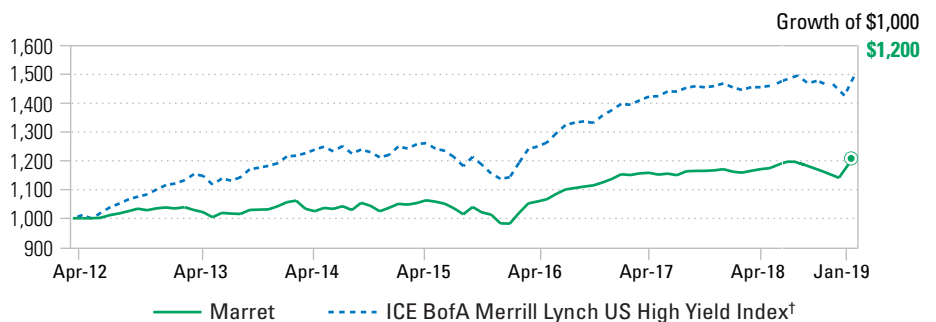

Investment Strategy

The Fund invests primarily in a broad range of public and private debt securities, both investment and non-investment grade, including corporate bonds and bank loans, government debt and convertible debentures. The Fund may also invest in equity securities, such as common shares, preferred shares and warrants, and utilize other financial instruments, including exchange-traded funds and credit and/or index based derivatives. The fund is designed to preserve capital and provide equity like returns with debt like volatility.

Why Invest

- Experienced Portfolio management team, led by Barry Allan, with over 90 years combined experience.
- Risk adjusted returns generated by active portfolio management.
- Highly liquid and diversified portfolio.
- Ability to hedge, including interest rate risk using actively traded credit indices.

¹The ICE BofA Merrill Lynch US High Yield Index (HOAO) tracks performance of below investment grade, U.S. dollar-denominated corporate bonds publicly issued in the U.S. domestic market. Provided that the fund's mandate enables flexibility on geographies, strategies, and securities, we selected this index as the most representative amongst those available. The Fund may also invest in equity securities, such as common shares, preferred shares and warrants, and utilize other financial instruments, including exchange-traded funds and credit and/or index based derivatives. In addition, the Fund invests in both U.S. and Canadian dollar-denominated securities.

IMPORTANT DISCLAIMERS. This information has been prepared by Marret Asset Management Inc. (MAMI), is confidential and may not be redistributed. It is for general information purposes only and information is provided in Canadian dollars. It is not intended to provide personal investment advice or solicit sales to the fund. Investors should consult their own professional advisor for specific investment advice tailored to their needs and based on the latest available information.

The portfolio performance provided is for illustrative purposes only and is intended to show the growth of a \$1,000 investment and assumes reinvestment of dividends and capital gains. Fund expenses, including management and performance fees and other expenses, were deducted.

The offering of units of the Fund is made pursuant to its Offering Memorandum only to those investors who meet certain eligibility and minimum purchase requirements. Management and performance fees and expenses, including commissions and trailing commissions all may be associated with investment funds. Eligible investors should read the Fund's Offering Memorandum before investing. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated. Annual compound total returns are presented in Canadian dollars, net of transaction costs, assuming the reinvestment of dividends, interest, and other earnings. The fees and expenses are higher for Class A than for Class F. The management fee and administration fee associated with Class A is 1.50% and 0.62% (approximately based on 2018 fees) respectively, whereas the management fee and administration fee associated with Class F is 1.00% and 0.62% (approximately based on 2018 fees) respectively.

†The ICE BofA Merrill Lynch US High Yield Index (H0A0) tracks performance of below investment grade, U.S. dollar-denominated corporate bonds publicly issued in the U.S.

domestic market. Provided that the fund's mandate enables flexibility on geographies, strategies, and securities, we selected this index as the most representative amongst those available. The Fund may also invest in equity securities, such as common shares, preferred shares and warrants, and utilize other financial instruments, including exchange-traded funds and credit and/or index-based derivatives. In addition, the Fund invests in both U.S. and Canadian dollar-denominated securities.

The comparison presented is intended to illustrate the Fund's historical performance as compared with the historical performance of the ICE BofA Merrill Lynch US High Yield Index (H0A0). There are various important differences that may exist between the Fund and the stated index that may affect the performance of each. The objectives and strategies of the Fund result in holdings that do not necessarily reflect the constituents of and their weights within the comparable indices. Indices are unmanaged, and their returns do not include any sales charges or fees. It is not possible to invest directly in market indices.
